

What can we help you find?

City Council 2022 Priorities

Alexandria City Council adopted six priorities that have been used to provide a cohesive framework for budget and policy decisions for the next fiscal year. These priorities were developed based upon City Council discussion at the Council Retreat, held on January 29, 2022, and follow-up discussions at Council meetings over the last two months.

To operationalize these values, City Manager James Parajon has directed City of Alexandria staff to develop an interdepartmental business plan for each priority. This plan will consolidate existing plans and contain specific objectives, indicators and quarterly progress updates. Each quarter, an in-depth update on two of the priorities will be provided to City Council and the community.

Each of the following six priorities will be viewed through the lens of equity, environmental justice, civility, transparency, respect and service

Recover from the COVID-19 Pandemic

We will advance the policies, practices, and resources needed to ensure a healthy, resilient, and equitable recovery for all residents and businesses.

Define Our Community Engagement Approach

Use both new and traditional outreach methods to ensure that engagement is efficient, effective and accessible to all stakeholders, creating a clear connection between community input and its effects on policy decision, infrastructure needs and financial considerations.

Support Youth and Families

Explore ways to expand academic, social and emotional services and physical support to all youth during out-of-school hours.

Foster Economic Development

Seek out and consider budgetary, land use, regulatory and other economic development tools to foster sustainable and equitable development, diversify revenue and allow greater investment in our infrastructure.

Develop a Compensation Philosophy

Establish a new compensation philosophy to ensure we are the preferred workplace of choice and that employees feel valued.
